CAMPUS & PUBLIC CRIME DATA

- Crime Statistics: 2022 – 2024

INTRODUCTION

Penrose Academy is a 20,000-square-foot private post-secondary institution and maintains a single campus located at 13402 N. Scottsdale Road, Suite B160, Scottsdale, AZ 85254. Notably, the campus does not include residential accommodations, satellite sites, or public properties that directly adjoin or are accessible from our primary campus area.

Penrose Academy acknowledges that upholding crime prevention is a shared duty involving the institution as well as every individual affiliated with its operations, whether as employees, students, or visitors. The most effective approach to crime prevention revolves around vigilant monitoring of the premises and prompt reporting of any unusual or questionable activities.

Accreditations & Memberships

Penrose Academy is a proud member of the American Association of Cosmetology Schools (AACCS), a Pivot Point International Member School, a member of the Greater Phoenix Chamber of Commerce and accredited by the Commission of the Council on Occupational Education (COE)

Licensing & Certification

The Arizona Barbering and Cosmetology Board (AZBCB) has licensed Penrose Academy as a school to provide Cosmetology Hybrid, Hair Hybrid, and Esthetics programs. Penrose Academy is approved to offer cosmetic laser training through the Arizona Department of Health Services (ADHS).

ANNUAL SECURITY REPORTING

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

The Clery Act requires all colleges and universities that participate in federal financial aid programs to report campus crime data, support victims of violence, and publicly outline the policies and procedures they have implemented to improve campus safety. The United States Department of Education monitors compliance.

The Clery Act mandates that colleges and universities receiving federal funding disseminate a public Annual Security Report (ASR) to employees and students every October 1st. This ASR must include campus crime statistics for the preceding three calendar years and details about efforts to enhance campus safety. ASRs must also contain policy statements on crime reporting, campus facility security and access, law enforcement authority, the incidence of alcohol and drug use, and the prevention of and response to sexual assault, domestic or dating violence, and stalking.

VAWA (Violence Against Women Act)

VAWA is a U.S. law designed to help prevent and address domestic violence, sexual assault, and stalking. Passed in 1994, it provides funding for victim services, trains law enforcement, and establishes programs to support survivors. The law aims to improve the response to these crimes and enhance protection for victims.

The Violence Against Women Act was reauthorized, and significant amendments were made to the Clery Act through the Campus Sexual Violence Elimination Act (Campus Save Act). This amendment enhances the Clery Act by requiring higher education institutions to disclose campus crime statistics and security information.

Preparation

Penrose Academy collaborates across multiple departments, including Operations, Student Services, Guest Services, and Education, to prepare the Annual Safety Report. Each department contributes relevant information.

Statement of Availability

Penrose Academy is committed to assisting all members of the Penrose community in providing for their own safety and security.

If you would like to receive the Annual Security Report that contains this information, you can stop by the Penrose Academy at 13402 N Scottsdale Rd, Scottsdale, AZ 85254, or you can request that a copy be mailed to you by calling (480) 222-9540.

The Annual Security Report contains information regarding campus security and personal safety, including crime prevention, law enforcement authority, crime reporting policies, disciplinary procedures, and other matters of importance related to security and safety on campus. They also contain information about crime statistics for the three previous calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Penrose Academy, and on public property within or immediately adjacent to and accessible from the campus.

Disclosure

The ASR is accessible at penrose.edu. The ASR is available within the Penrose app.

SAFETY & SECURITY

Local Law Enforcement

Local law enforcement has the arresting authority on Penrose Academy's Campus. Penrose Academy complies with all local, state, and federal laws. When student conduct or behavior adversely impacts Penrose Academy's community, the educational programs are jeopardized, and all are at risk. Behavior that is in violation of local, state, or federal law will not be tolerated. Penrose Academy does not protect from prosecution by law enforcement agencies in these cases.

Campus Security Authorities (CSAs)

Responsibilities of CSAs:

Penrose Academy's Campus Security Authorities (CSAs) are responsible for promptly reporting any incidents of crime that come to their attention. This reporting is crucial for compiling Penrose Academy's Annual Safety Report and, if necessary, issuing Timely Warning Notices.

CSAs are entrusted with the authority and obligation to take proactive measures and respond to safety and security matters on behalf of Penrose Academy. They play a pivotal role in maintaining a secure campus environment.

❖ It is important to note that Penrose Academy's CSAs do not have arresting authority.

Reporting Procedures: Confirmed and documented incidents of crime, as identified by the CSAs, are communicated to the President of Penrose Academy. This communication is to ensure and maintain transparency and inform decision-making regarding campus safety.

Obligations of Designated Campus Security Authorities:

- **Provide Information on Resources:** Offer information about available resources for assistance and support to affected individuals.
- **Confidentiality in Reporting:** Assure reporting individuals that the incident will be included as a statistical record without revealing their identity.
- **Timely Reporting:** Complete the CSA Clery crime reporting form within 24 hours of receiving pertinent information.
- **Uphold Reporting Obligations:** Report incidents regardless of whether the alleged victim pursues formal legal actions or engages law enforcement.

Timely Warning Notification Policy

The Academy is committed to ensuring the safety of its faculty, staff, and students by providing timely warnings about potential threats. In compliance with the relevant regulations, the Academy will issue timely warnings to alert the campus community when:

Pattern of Criminal Activity:

- A pattern of criminal activity that poses a threat to the safety of the campus community becomes apparent.

Confidentiality of Victims:

- Timely warnings will not include the names or other identifying information of victims to ensure their confidentiality.

Protection of Law Enforcement Efforts:

- Specific information may be withheld from timely warnings if disclosing it could compromise law enforcement efforts to investigate or solve the crime.

By adhering to this policy, the Academy aims to effectively inform and protect its campus community while supporting ongoing law enforcement activities.

Crime Log

Penrose Academy maintains a crime log to ensure transparency and campus safety in compliance with federal regulations. While no crimes have been reported to campus security to date, this log is prepared to record any future incidents within Clery geography, detailing the nature of the crime, report date, time and location, and disposition of the complaint. Entries will be made within two business days unless confidentiality or legal concerns arise.

Information may be withheld if its release jeopardizes investigations, safety, or evidence but will be disclosed once the risk is no longer present. Crime logs from the past 60 days are available for public inspection during business hours, and older logs are provided within two business days upon request. By adhering to this policy, Penrose Academy ensures compliance with federal regulations and maintains a safe and transparent environment for all.

Criminal Activity

If the incident may involve a crime, report it to the Student Services Office and a CSA.

Emergencies

If you believe the situation is an emergency:

- **Step 1:** Call 911 immediately
- **Step 2:** Notify a CSA as soon as safely possible

After Contacting the CSA

- Remain available to assist with documentation
- Follow directions from emergency responders or CSAs
- Secure the area if safe to do so

Submission Guidelines

Penrose Academy does not assume responsibility for incorrect contact information on file.

Safety & Access

Penrose Academy welcomes students, staff, faculty, approved contractors, and guests during standard business hours. Outside of these hours, entry is restricted to authorized employees and janitorial, maintenance, or facility upgrade contractors through the use of keys and security codes.

Security Cameras

Penrose Academy has installed security cameras in common areas. These cameras are used to identify and monitor theft, mischief, vandalism, and potential safety risks.

Visitor Policy

During school hours, students, staff, and faculty are generally not permitted to have visitors unless given approval by the President or Department Head based on specific circumstances. This policy applies to all campus areas, including the student breakroom, employee breakroom, student patio, and parking areas.

Parking Policy

Designated student parking is permitted in both the rear and front areas of the Academy building. Access to this parking zone is through the front parking lot. Any modifications related to parking will be communicated to students through the Penrose app. The parking lot operates as a one-way system, with entry from the east side and exit from the west side of the building. The maximum speed allowed within the parking area is five mph. Students are responsible for dealing directly with their respective insurance providers in the event of collisions or minor accidents.

Maintenance Policy

The Operations department at Penrose Academy coordinates and supervises campus maintenance, repairs, and upgrades to the facility and equipment. Furthermore, this department conducts assessments of landscaping, locks, alarms, and lighting to pinpoint and address areas that require attention. Penrose Academy is dedicated to ensuring the security of its premises and surroundings. The Property Manager assumes responsibility for overseeing the roof, exterior lighting, parking lot, landscaping, and sidewalks.

Campus Search Policy

To protect the safety and well-being of our students, campus searches may occur at any time and without notice. These searches could encompass student lockers, book bags, or personal possessions if required for investigative purposes. Individuals suspected of engaging in criminal behavior will be handed over to the appropriate legal authorities for further action.

Registered Sex Offenders

Arizona requires offenders to register with their local Sheriff's Department based on their Arizona Risk Assessment score. Information can be found on the website at [Arizona Sex Offender Information](#). Various free-of-charge search results can be obtained using information such as the violator's last name, the zip code for the area of interest, and a specific address with results for the surrounding three square miles. In addition, a downloadable listing of sex offender information can be obtained for a fee. Arizona has no law against offenders seeking or obtaining employment or living near educational institutions.

Safety Awareness & Prevention Programs

All students, faculty, and staff should have a preconceived plan of action in the event of criminal activity they should become involved in or witness.

Following the general rules listed below can help mitigate the risk of becoming a victim of crime.

- Be alert for suspicious persons and activity on campus. For example, if you see an unfamiliar face in the vicinity, proceed to your work/class area and then report the matter immediately.
- Walk in well-lit areas. If possible, do not walk alone.
- In case of a personal attack, scream as loudly as possible and run toward a more lighted or highly trafficked area.
- Do not voluntarily enter an assailant's vehicle or go to a more remote location with an assailant.
- Be aware of your surroundings. If you think you are being followed, go to a crowded area.
- Be alert and observant of the people around you.
- Trust your instincts. If you sense trouble, get away as soon as possible.
- Do not carry large amounts of money.
- Park your vehicle in populated and well-lit areas, if possible.
- Lock all vehicle doors and check them before leaving your parked car.
- Carry keys in your hand. Allowing you to reenter your vehicle rapidly should you see a suspicious person in the area.

Employee Awareness & Prevention Programs

Penrose Academy implements awareness and prevention programs for all new employees as part of their initial onboarding and periodic sessions.

Student Awareness & Prevention Programs

For students, Penrose Academy offers thorough awareness and prevention programs integrated into the student orientation and periodic sessions. These programs ensure students are well-versed in the policies and procedures to maintain campus safety.

These programs are designed to ensure employees and students are well-informed and prepared to maintain a safe and supportive campus environment. The key components include:

- **Annual Security Report (ASR) and Safety Policies:** New students and employees are oriented on the importance of the ASR and various safety and security policies. This covers emergency response, evacuation procedures, incident reporting, and maintaining a secure environment.
- **Title IX Training:** Focused on understanding and preventing gender-based discrimination, sexual harassment, and related issues. This training helps employees recognize and address any instances of sex-based discrimination effectively.
- **Clery Act Training:** New hires are educated on the significance of the Clery Act, including crime reporting requirements and the impact of accurate reporting on the campus community.
- **Bystander Intervention:** Focused on how to safely and effectively intervene in potentially harmful situations. Participants learn to recognize when intervention is needed, understand factors contributing to violence, overcome barriers, and implement safe intervention strategies. During orientation and periodic training sessions, participants learn to:
 - Recognize situations where intervention is needed.
 - Understand cultural and institutional factors that contribute to violence.
 - Overcome common barriers to intervention.
 - Identify and implement safe and effective intervention strategies. Training methods include interactive workshops, role-playing scenarios, and group discussions, which help build a proactive community ready to act against violence.
- **Risk Reduction Strategies** Risk reduction strategies are integrated into training programs for both students and employees to decrease perpetration and bystander inaction while empowering victims. Training sessions provide practical information on recognizing and avoiding potentially dangerous situations, enhancing personal safety, and supporting victims. Tools and resources, such as safety apps and self-defense classes, are introduced and made available. Additionally, participants learn to understand and address the conditions that facilitate violence, ensuring they are better equipped to promote overall safety and well-being within the campus community.

By incorporating these programs and strategies into student and employee training, Penrose Academy ensures a well-informed, supportive, and proactive campus environment dedicated to preventing violence and promoting safety.

EMERGENCY POLICIES & PROCEDURES

Specific emergencies, crimes, and suspicious activities that don't involve serious personal injury, property injury, or property loss can be reported to your local law enforcement officers at their non-emergency number. Some examples may include reports of a burglary where the suspect has left the vicinity, hit-and-run accidents with no injuries, graffiti or other vandalism, or persons disturbing the peace.

What Constitutes an Emergency

An emergency is any situation that poses an immediate threat to a person's health, safety, or property. This includes (but is not limited to):

- Serious injuries or medical conditions (e.g., loss of consciousness, difficulty breathing, seizures)
- Fires, smoke, or strong gas smells
- **Real, threatened, or impending danger** including active threats or violence on or near campus
- Severe weather or natural disaster affecting campus operations
- Missing persons, or suspected drug or alcohol overdose
- Any situation requiring 911 or first responder involvement

Timely Warning & Emergency Response

Timely warnings are triggered when the Academy determines a crime for which we must report statistics, such as a criminal homicide, sex offenses, robbery, aggravated assault, burglaries, hate crimes, persons with weapons with intent to use, and the threat of violence to students and employees. If a situation arises, either on or off campus, that, in the judgment of the President, constitutes an ongoing or continuing threat to the Academy's community. In that case, a campus-wide Timely Warning will be issued. The warning will be issued through the Penrose app, email, or phone, depending on the situation. A notice will be published in all cases that could immediately threaten individuals and the community.

Timely Warning Notification

The Academy will alert faculty, staff, and students if a pattern of criminal activity becomes apparent. Timely Warnings do not include the names of victims. In addition, when issuing a Timely Warning, some specific information may be withheld if there is a risk of compromising law enforcement efforts to investigate or solve the crime.

Emergency Notifications

Penrose Academy notifies its community of an emergency using the emergency message system in the Penrose app. However, due to the fast-moving nature of an emergency, it may not be possible to notify building occupants in a timely manner. Emergency evacuations may be prompted by the notification from the Penrose leadership team, faculty, staff, or other building occupants aware of immediate danger.

Emergency Evacuation Drills

The Academy conducts emergency evacuation drills with students, staff, and faculty each year.

Emergency Evacuation Policy & Procedure

Evacuation means exiting a facility as directly and safely as possible. Evacuation is appropriate when conditions inside a structure threaten the health and safety of building occupants, and leaving the

facility is safer than remaining inside it. Evacuation should occur through the closest exit, but depending on the circumstances, an alternate or secondary evacuation route may need to be used. The goal of evacuation is to leave the premises as quickly and safely as possible.

Strategies for an Effective Evacuation

- Exit the premises through the nearest exit.
- Exit immediately; do not return personal items.
- If possible, inform others of the evacuation.
- If possible, help others evacuate.
- Evacuate regardless of whether others agree to follow.
- Use the safest evacuation route possible.
- Avoid contact with the hazard (fire, suspicious package, violent intruder, etc).
- Prevent individuals from entering an area where the risk may be.

Notification

The Academy notifies its community of an emergency using the emergency message system in the Penrose app. However, due to the fast-moving nature of the event, it may not be possible to notify building occupants promptly. Emergency evacuations may be prompted by notification from the Penrose leadership team, faculty, staff, or other building occupants who are aware of immediate danger.

If you feel your safety is at risk and evacuation is an appropriate strategy, you do not have to wait for official notification.

Preparedness

Knowing the nearest exits and evacuation routes is essential before an emergency. Refer to the Penrose Academy emergency evacuation plan and exit maps posted in each classroom, the student clinics, the break room, and the office on evacuation routes before an event occurs to be equipped to act fast and ensure your safety.

If you feel your safety is jeopardized and evacuating is an appropriate strategy given your circumstances, you do not have to wait for an official notification to evacuate.

Shelter In Place Policy and Procedures

Shelter in place is a precaution aimed at keeping the Academy's community members safe by requiring people to remain in their current location until the danger has passed.

Find a secure place indoors and stay there until you are given an "all clear" or told to evacuate.

Strategies for effective Sheltering-In-Place

To effectively shelter in place, you must first consider the hazard and choose a place to shelter in a safe building. For example, for a severe thunderstorm, the safest location is inside a large, enclosed structure. Stand or sit away from doors and windows that lead outside. Stand out from concrete walls and avoid lying on concrete floors. Close doors and windows to the outside to prevent wind damage and injuries inside the building.

General recommendations that may increase the effectiveness of sheltering-in-place:

- Shelter in an area that will shield you from the hazard.

- A better shelter area will vary based on the hazard but in general, choose a place away from windows and glass, with no vents, and away from room corners where debris can accumulate.
- Large storage closets, utility rooms, pantries, break rooms, and conference rooms without exterior windows may work well as shelter areas.
- When sheltering in place, crouch down along the wall and protect your head with your hands, if necessary.
- Stay away from lobbies, walkways, and other large glassed-in areas. Additionally, stay away from large, open spaces with an extended roof span.
- Take a cell phone and flashlight, if possible.
- If outside, seek shelter in the nearest building.
- Time permitting, close and lock external facing doors and windows and close curtains, blinds, or shades.
- If instructed, use duct tape, plastic sheeting, or heavy-duty plastic garbage bags to seal all cracks around the doors, windows, or vents.
- Facility managers should turn off HVAC or systems that exchange inside air with outside air.
- Consider that a shelter-in-place event can last minutes to hours. Be cognizant of seating areas and access to restrooms.
- Remain in a sheltered area until given the 'all clear' by the City of Phoenix Emergency responders. The Academy's faculty and staff will signal that an all-clear has been given.
- When given the 'all clear,' open windows and doors, turn on HVAC and ventilation systems, and go outside until the building's air has been exchanged with the now clean outdoor air.

Notification

The Academy notifies its community of an emergency using the emergency message system in the Penrose app. However, due to the fast-moving nature of the event, it may not be possible to notify building occupants in a timely manner. Shelter-in-place may be prompted by the notification from the Penrose leadership team, faculty, staff, student, coworker, or other building occupant's coworkers or students aware of immediate danger.

If you feel your safety is at risk and sheltering in place is an appropriate strategy, you do not have to wait for official notification.

Preparedness

Identify areas suitable for shelter-in-place before an incident, allowing you to think clearly during an emergency and increase your safety odds. Also, communicate everyday actions or procedures during emergencies to family members and loved ones. Finally, review Penrose Academy's emergency procedures and be aware and cautious of threats in your locality.

Lockdown Policy & Procedures

Lockdown is a procedure used when there is an immediate threat to the building occupants. This temporary sheltering technique limits building occupants' exposure to imminent hazards or dangers. When "locking down," building occupants will shelter inside a room and prevent access from the outside.

Strategies for Effective Lockdown

No room can be made 100 percent inaccessible from an outside entrance, but below are a few strategies that can make a room more feasible for lockdown.

- Choose a room with a sturdy door and a strong lock, if possible.
- Avoid locking down in a room with glass windows or panes as they are easily penetrable. If possible.
- Be aware of which way the door opens
- In addition to locking, fortify entranceways with heavy items.
- If possible, avoid limiting escape routes
- Stay low and hide behind large items that may provide full or partial cover
- Avoid detection.
- Be out of the view of the hazard (stay away from glass windows or doors).
- Turn cell phones on silent (not vibrate; a vibrating phone is still audible).
- Turn off room lights.
- Turn off other items that may cause noise, such as TVs, radios, or web browsers.

Notification

The Academy notifies its community of an emergency using the emergency message system in the Penrose app. However, due to the fast-moving nature of a threat associated with lockdown, it may not be possible to notify building occupants in a timely manner. Lockdown notification may come from the Penrose leadership team, faculty, staff, students, coworkers, or other building occupant's coworkers or students.

It is important to note that if you feel your safety is at risk and lockdown is an appropriate strategy given your situation, you do not have to wait for an official notification of lockdown.

Preparedness

Knowing what characteristics make a room more conducive to lockdown may help avoid danger during an incident. Considering an appropriate lockdown room in a facility before an incident is critical.

Notifying Law Enforcement

If an event warrants locking down, notify law enforcement as soon as possible, but only if it is safe to dial 9-1-1 on any Academy landline phone or mobile device.

Interaction with Law Enforcement

When law enforcement arrives on the scene, their primary goal will be to neutralize the threat, not to assist injured victims.

Emergency medical personnel will treat the victims. Law enforcement will have limited information about the location of the threat.

Interacting With Law Enforcement:

- Remain calm and follow officers' directions
- Put down any items in your hands (cell phone, tools, etc).
- Immediately raise your hands and spread your fingers.
- Always keep your hands visible.
- Avoid making quick movements toward officers, such as holding on to them for safety.

- Avoid shouting, pointing, or screaming.
- Do not stop to ask officers for help or directions when evacuating; proceed in the order from which officers are entering the building.

Lockout Policy & Procedures

A lockout, which is different from a lockdown and ensures all access to the facility is inaccessible, is used to constrain access to the facility. A lockout intends to prevent an outside threat from entering a secure facility. When lockout procedures are activated, internal doors are not necessary to be locked and fortified, only for external entranceways.

Violent Intruder Policy & Procedure

Knowing what to do is crucial if you are in a potentially threatening situation. Putting time and distance between you and the threat is the best way to increase your safety.

The Department of Homeland Security provides the following guidance:

RUN – Escape the situation if you know you can safely evacuate without coming in contact with the threat.

HIDE – If escaping is not an option, barricade access to your space, hide, silence your devices, and stay as quiet as possible.

FIGHT – As a last resort, and only if the above two strategies fail, act aggressively toward the person or persons creating the threatening situation using whatever weapons are available to you at that time.

The above strategies are not sequential. Instead, use whichever option increases your safety, given your circumstances.

PURPOSE

This policy outlines Penrose Academy's procedures to prevent and respond to sex-based discrimination, including sexual harassment, sexual violence, dating and domestic violence, and stalking, in compliance with Title IX regulations.

SCOPE

This policy applies to all members of the Penrose Academy community—students, faculty, staff, vendors, and visitors—within the United States, in connection with any Academy program or activity.

DEFINITIONS

- Complainant: An individual who is alleged to be the victim of conduct that could constitute sex discrimination.
- Respondent: An individual who is reported to be the perpetrator of conduct that could constitute sex discrimination.
- Formal Complaint: A document filed by a complainant or signed by the Title IX Coordinator alleging sex discrimination and requesting an investigation.
- Supportive Measures: Non-disciplinary, non-punitive services offered to the complainant or respondent to ensure equal access to education.
- Consent: A knowing, voluntary, and mutual agreement to engage in sexual activity. Consent must be clear, ongoing, and cannot be obtained by force, coercion, or incapacitation.

PROHIBITED CONDUCT

- Quid Pro Quo Harassment: When an employee conditions the provision of an educational benefit or service on an individual's participation in unwelcome sexual conduct.
- Hostile Environment: Unwelcome conduct that is so severe, pervasive, and objectively offensive that it denies a person equal access to an education program or activity.
- Sexual Assault, Dating Violence, Domestic Violence, and Stalking** as defined in the Violence Against Women Act (VAWA).
- Sexual Misconduct: Includes inappropriate or unwanted sexual behavior, including nonconsensual sexual contact or intercourse.
- Retaliation: Intimidation, threats, coercion, or discrimination against any person for the purpose of interfering with any right or privilege under Title IX.
- Hazing: Conduct that endangers the health or safety of a student for initiation or membership in a group. When sex-based, this may constitute discrimination under Title IX.

FALSE REPORTS

Knowingly making a false report or providing false information in a Title IX matter is a violation of Penrose Academy policy and may lead to disciplinary action.

CONFIDENTIAL RESOURCES

Confidential resources are available and are not required to report disclosures to the Title IX

Coordinator. These may include counselors, health service providers, and certain designated staff. See penrose.edu for contacts.

SUPPORTIVE MEASURES

Supportive measures may include academic adjustments, schedule changes, counseling referrals, and mutual no-contact orders. These are available to either party and provided regardless of whether a formal complaint is filed, to preserve equal access without unreasonably burdening the other party.

EMERGENCY REMOVAL

A respondent may be removed on an emergency basis after an individualized safety and risk analysis determines an immediate threat to health or safety. The respondent will be notified and given an opportunity to challenge the removal immediately afterward.

MANDATORY & DISCRETIONARY DISMISSAL

Mandatory dismissal:

- The alleged conduct, even if proven, does not constitute sexual harassment.
- The conduct did not occur in the Academy's program or activity.
- The conduct occurred outside the United States.

Discretionary dismissal:

- The complainant withdraws the complaint in writing.
- The respondent is no longer enrolled or employed.
- Circumstances prevent sufficient evidence collection.

Dismissals will be communicated to all parties, who will be given the opportunity to appeal.

GRIEVANCE PROCEDURES

- Written notice of allegations to both parties.
- Presumption of non-responsibility.
- Opportunity to present evidence and identify witnesses.
- Equal access to evidence and findings.
- Impartial decisionmaker, separate from investigator or Coordinator.
- Rape shield protections limiting irrelevant sexual history evidence.
- Protection of privileged records unless written consent is provided.
- Written outcome determination and rationale.
- Right to appeal based on procedural error, new evidence, or bias.

HEARING PROCEDURES AND REQUIREMENTS

1. Hearing Format

SUBSTANCE ABUSE & PREVENTION

Commitment to a Drug-Free Campus:

Penrose Academy is dedicated to maintaining a campus free from substance abuse. Employees and students are prohibited from consuming, possessing, selling, purchasing, or being under the influence of alcohol or illegal drugs, as defined by federal law, on any property owned or leased by Penrose Academy, including vehicles and while conducting company business. Legally prescribed and over-the-counter drugs are permitted if used as prescribed and do not impair safe performance of duties or training.

Reporting and Accommodation:

Employees should inform their department heads if prescribed medications may impair job performance or safety. Students should report similar concerns to Student Services. Reasonable accommodations will be considered to support safety and compliance.

Enforcement & Disciplinary Actions:

Penrose Academy has a zero-tolerance policy towards substance abuse. Employees and students found to be impaired by drugs or alcohol while at work or school are subject to disciplinary actions, up to and including termination of employment or enrollment. Reports of substance abuse should be made to the department head, the President, or Student Services. Immediate reporting is required if substance use poses an imminent safety threat, with failure to report also resulting in disciplinary action.

Health Risks & Legal Consequences:

Substance abuse can lead to serious health issues, including respiratory failure, heart attack, and overdose, and increases the risk of transmittable diseases. Legally obtained drugs can also impair judgment and coordination. Penrose Academy prohibits any use that affects safety and compliance, both on and off campus, and will enforce this policy up to legal prosecution under Arizona law.

Testing and Inspections:

To enforce this policy, Penrose Academy reserves the right to conduct drug and alcohol testing and to inspect property on school premises where there is reasonable suspicion of policy violation. This may include the use of drug-detection dogs.

Resources and Prevention:

Penrose Academy provides resources on substance abuse prevention through the Student Services office and digitally via the Penrose app. The policy includes detailed information on the penalties for drug possession tailored to the nature and intent of possession.

General Provisions:

This policy does not alter the at-will employment relationship between Penrose Academy and its employees. Violations may lead to criminal prosecution consistent with local, state, and federal laws.

^Offenses Required by Clery Act:
Homicide, Rape, Robbery,
Aggravated Assault, Burglary, and
Motor Vehicle Theft

<u>CRIME TYPE</u>	<u>DATE</u>	<u>TIME</u>	<u>INCIDENT #</u>	<u>PREMISE</u>	Tota
-------------------	-------------	-------------	-------------------	----------------	------

Any Part I UCR crimes that do not appear in this report had a count of 0 for the time period indicated.

This report is based on Uniform Crime Reporting (UCR) criteria which are not equivalent to Arizona Revised Statutes (ARS) statistics and therefore this data cannot be directly compared to ARS reports. Under the hierarchy rule of UCR, only the most severe offense of an incident is counted. Part One Property Crimes include motor vehicle theft, burglary, arson, and theft/larceny. Part One Violent Crimes include criminal homicide, rape, robbery, and aggravated assault. Homicides, rapes, and aggravated assaults are counted per victim. Numbers may differ from other published reports due to case updates/reclassifications and/or to differences associated with unfounded incidents. UCR data excludes unfounded cases if the incident and the unfound occurred in the same month. However, if the incident and the unfound occurred in different months, then the removal of the unfounded cases will not be reflected in the data. Any reports with missing or incorrect information would not be properly depicted in this report. Any listed crimes that do not appear in this report had a count of 0 for the time period indicated. Any incident reports with the occurrence date missing will be based on the date of when the crime was reported. Beginning in January 2014, the UCR Rape category includes incidents that meet the updated FBI rape definition. Beginning in January 2016, the UCR Aggravated Assaults category includes incidents that meet the updated FBI aggravated assault definition in regards to the use of BB/pellet guns. Therefore, caution should be used when comparing across years.

Incident reports still pending entry into the RMS system will not be included. Counts may change as additional reports are approved and/or reclassified. Any incident reports with missing or incomplete information may not be properly depicted in this report. This report is based solely on Hate Crime Incident Reports received from the Bias Crime Unit and verified according to federal reporting guidelines. Because of the difficulty of ascertaining the offender's subjective motivation, bias is to be reported only if the investigation reveals sufficient information to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias. The mere fact that the offender is biased against the victim's race, religion, disability, sexual orientation, and/or ethnicity/national origin does not mean that a hate crime was involved. Rather, the offender's criminal act must have been motivated, in whole or in part, by his/her bias. Not all Bias Crime incidents are reported to the Bias Crimes Detail. Counts may change as additional reports are finalized and/or reclassified. Any incident reports with missing or incomplete information may not be properly depicted in this report. Any incident reports with the occurrence date missing will be based on the date of when the crime was reported. Apartment numbers, unit numbers, or suite numbers are not always entered in the data. Therefore, this report reflects counts based on address information without specifying apartment/unit/suite numbers. This means that any incident at the same street address would be included in the count regardless of the apartment/unit/suite number.
